

# **“Get It Together - Buckle Up” Challenge Point Sheet**

Awards for the Get It Together Seat Belt Challenge will be determined based on the level of activity, seat belt use rate, and level of participation.

GIT will review the Midway & Final Activity Reports for accuracy.

We reserve the right to request documentation of activities and media coverage as needed.

## **1.) Pledges**

Points will be awarded based on the percentage of students who sign the Buckle Up Signature Form.

**50 points** 1.0% - 25.0% enrolled students signing buckle up pledge.

**100 points** 25.1% - 50.0% enrolled students signing buckle up pledge.

**150 points** 50.1% - 75.0% enrolled student signing buckle up pledge.

**200 points** 75.1% - 100% enrolled students signing buckle up pledge.

## **2.) Education/Awareness and School Activities**

Points will be awarded for each activity completed from the activity list attached. GIT Committee will assign **either 25 or 50 points** to each activity based on creativity and/or amount of effort required to complete the activity. Documentation to support the level of effort involved will be used in determining point values.

Be sure to send in pictures, documentation, and any information about the activity in order to get the maximum amount of points allowed.

## **3.) Increase in Seat Belt Use**

Results of unannounced seat belt checks will be used to determine the following:

\* Percentage of Increase in Seat Belt Use over Baseline (determined at the last seat belt check)

\* Total Overall Seat Belt Use (determined at the last seat belt check)

## **4.) Video**

Produce a video based on the theme: “The use of a seat belt when riding in a motor vehicle can save your life. No matter how far the trip or where you sit – buckle up!”
