

**AAA SAFETY EDUCATION RESOURCE CATALOG**

INVENTORY CODE(S)	TYPE	MOVIE TITLE	PRODUCER	DATE	LENGTH	DESCRIPTION / REVIEW
<b>ALCOHOL EDUCATION</b>						
1	DVD	Modern Roundabouts: A safer Choice	Department of Transportation	Jul-05	10:00	This is an overview of how to use roundabouts. It explains why the roundabouts are safer and a more productive form of traffic control.
2	VHS	Binge Drinking - the Facts	Human Relations	1998	23:30	The viewer will be introduced to the signs and consequences of alcohol poisoning. What to do in the event of finding themselves around someone that overdosed on alcohol.
3, 4	VHS	Brandon Tells His Story	The Century Council	1995	28:00	At the end of a long, tiring day, Brandon Silveria had a few drinks at a party, managed to drive his friends home then wrapped his car around a tree. You'll hear first hand from Brandon what it's like to fight everyday to get his life back to where it was. You'll meet his high school friends and get to know his extraordinary family and begin to understand where Brandon gets his courage. Most of all, you'll see how many lives can be changed forever by one irresponsible decision.
5	VHS	DUI: Every Fifteen Minutes	AIMS Multimedia	2001	11:00	Gives the viewers a realistic look at an alcohol-related car crash and its far-reaching consequences.
6, 7, 8	VHS	Dying High Teens in the ER	Human Relations	2003	25:53	Viewers see what goes on in an ER as doctors treat teens for drug overdoses, alcohol poisoning, and traumas as a result of drunk driving.
9, 10	VHS	Inbound Mercy	CSAA & ACSC	2000	18:00	Tells a powerful story that backtracks a deadly series of events stemming from a young couple's decision to drive home after a wild night at a binge-drinking party.
11	VHS	My Garden's Alive	Drive Smart	1995	23:00	A riveting story of a drinking and driving tragedy and the far-reaching effects it can have on an entire community.
12, 13	VHS	The Power of Choice	VA DMV	1994	25:00	Through the "Power of Choice", teens will learn the consequences of drinking and driving and will learn they have the power to make the right decisions.
14	VHS	Underage Drinking: Know the Facts, Know the Risks	Human Relations	2003	26:30	This video was developed to help students understand the true face of underage drinking and how it applies to their own lives.

BICYCLE & PEDESTRIAN SAFETY						
15, 16, 17, 18	DVD	Children in Traffic	AAA Foundation	2006	13:10	Updated and revised version of the AAA Foundation's classic video that shows how children see the road differently from adults and provides critical insight on why children behave unexpectedly. How does children's development affect their perception of traffic? What behaviors should adults watch for when driving around children? This must-see video for all drivers and parents presents real-life footage in an interesting and informative format. Remastered on DVD in 2006.
19	DVD	Bike Safety & I'm No Fool on Wheels	Disney's Safety Hits	2004	29:00	Teaches about the vital procedures and equipment to use when it comes to skateboarding, bicycling, and roller-skating. From hand signals to the "pre-ride" check, students will learn why its important to always wear an approved safety helmet, stay visible to drivers, remain alert, and most importantly to follow the rules of the road.
20	VHS	El Nuevo Los Niño's y el Traffico	AAA Foundation	2002	19:06	Shows how children's development affects their perceptions of traffic, and what behaviors adults should watch out for when driving near children.
21,22,23,24	DVD	Otto the Auto Series	AAA Foundation	2006	1:08:20	Presents basic pedestrian, passenger, and bicycle safety education lessons in short, amusing "Sesame Street"-style learning sequences. Otto the Auto on Bicycle Safety, on Pedestrian Safety, on Being Seen in Traffic, on Wearing Safety Belts, on School Bus Safety.
25	DVD	Safe Crossings	Mid-Atlantic	2004	16:00	Adult School Crossing Guard Training Program.
CAR CARE						
26,27,28	VHS	Pennzoil Driver's Education	Pennzoil	2000	21:24	A humorous view of teens and how they should maintain their vehicle.

DRIVER SKILLS						
29	DVD	Cop Talk - The Do's & Don'ts of a Car Stop		2005	23:00	A routine traffic stop can have any number of outcomes from a polite warning to the use of lethal force. This video shows drivers the safest, smartest ways to interact with a police officer during a car stop. Written, produced, and hosted by a veteran patrolman; the program explains exactly how to park, behave, and speak when pulled over by a cop.
30,31	VHS	Don't Let Up	AAA Foundation	1994	9:00	Demonstrates benefits and proper use of Anti-Lock Braking Systems for Driver Education Students. Includes teacher's guide.
32, 33	DVD	Driver Education, Volume 1	AAA Foundation	2005	35:00	Learn active scanning techniques, how to reduce the risks of sharing the road, how to follow others at safe distances, and how to merge onto a multilane highway smoothly and decisively, handling weave lanes and exits all in one package! This compilation DVD contains the four titles: Freeway Driving, Managing Space and Time for Safe Driving, Sharing the Road, and Using Your Eyes Effectively.
34	DVD	Driver Education, Volume 2	AAA Foundation	2006	1:09:30	A compilation DVD containing six of the Foundation's popular videos, formerly on VHS only. The Videos include: Driving in Bad Weather, Breaking the Accident Chain of Events, Night Driving, Getting Safely Past the Orange Barrels, Unlocking the Mystery of Antilock Brakes, Dangerous Crossing: A Second Thought.
35,36	DVD	Driver Safety: Motor Mania & Freeway Phobia (1 & 2)	Disney Educational Productions	2006	38:00	Goofy illustrates correct (and incorrect) driving procedures. These three engaging and hilarious programs teach students how to make safer and more responsible driving decisions, both on and off the road. Cartoon depiction of how Goofy becomes a demon driver when behind the wheel of his car.
37	DVD	Driver Skills for Life	Ford Motor Company	2003	34:00	Concentrates on four key driving skills that Ford Motor Company and safety experts believe are significant in preventing crashes, injuries, and fatalities. They are: Hazard Recognition, Vehicle Handling, Space Management, and Speed Management.
38, 39	VHS	Making Safer Roads	IIHS	1995	12:00	Explanation of roadside hazards such as trees, utility poles, and bridge supports and how to avoid these hazards.
40, 41	DVD	Preventing Road Rage: Anger Management for Drivers	AAA Foundation	2006	20:05	Violent aggressive driving, or "road rage," is a major public concern. This educational video teaches viewers how to avoid offending other drivers, manage their own anger, and disengage from an angry encounter. Preventing Road Rage is illustrated with exciting footage of on-the-road encounters between angry drivers and personal anecdotes from real people who have reformed themselves by practicing anger management techniques demonstrated in the program.
42, 43, 44	VHS	Red Asphalt	CA Highway Patrol	1998	12:00	Encounters with real crashes involving young drivers on California Highways.
45,46	DVD	Semi Conscious - Driving in the Real World	Department of Transportation	1996	12:00	Four teenagers demonstrate basic tips for sharing the road with trucks, using music to reinforce their message. Entertaining as well as informative, this video is popular in driver education classes.
47,48	VHS	Sharing the Road	AAA Foundation	1994	7:00	Helps motorists understand the special concerns and dangers faced by pedestrians, truck drivers, motorcyclists, bicyclists, and ambulance drivers. Presents specific tips on how to reduce the risks of sharing the road.
49	DVD	Signal 30 Tragedy & Hope		2002	20:00	Nearly 50 years after the release of the all time classic highway safety film, Signal 30, we are pleased to make available to you Signal 30 Part II: Tragedy & Hope. The tragedy is the terrible crashes that take the lives of many and permanently injure others. The hope is in the preventive measures that all of us can take to help avoid such catastrophes.

DRIVER SKILLS cont'd						
50,51,52	DVD	Signs, Signals & Markings	AAA Foundation	2006	17:43	Describes the underlying rules and logic behind traffic control signs, signals, and markings. Demonstrates the importance of obeying signs to drive safely. Spanish version available ( <i>Rotulos, Senales y Marcas</i> ).
53	DVD	Toe Tag, Your Reward for Distracted Driving	Safety Perspectives	2006	29:00	A recent study shows that nearly 80% of crashes involve some type of distraction. Distracted driving is the #1 cause of vehicle crashes in the U.S., yet it doesn't seem to get nearly as much attention as DUI, aggressive driving, and the like. This program hopes to change all that.
54	DVD	Young Drivers: The High-Risk Years	IIHS / Geico	2002	16:00	Crash rates for beginning drivers are much higher than for older drivers. This videotape listens to 16 year-olds tell why they want their drivers' licenses and what driving means to them. Parents of teenagers who died in crashes tell how the tragedies happened and how their families have been affected.
55,56,57	DVD	The Unsafe Driving Acts of Motorists in the Vicinity of Large Trucks	Department of Transportation	2012	17:00	Describing the unsafe driving practices in the vicinity of large trucks on the road. Discusses the safe practices for the drivers sharing the road.
58	DVD	Sly Fox & Birdie	Operation Lifesaver	2011	10:00	Created as a cartoon to entertain as well as educate. Sly Fox and Birdie teaches children to be extremely cautious around railroad tracks. This video features specific safety messages for children between the ages of 4 and 8.
MOTORCYCLE SAFETY						
59	VHS	Helmet Laws: Whose Freedom?	IIHS	1991	8:00	Illustrates the consequences of riding motorcycles without a helmet on. When motorcyclists crash the results can be disastrous, especially when there's a brain injury. This tragedy strikes riders <i>and</i> their families. What can help reduce motorcyclist brain injuries? Helmets can. In states where helmet use isn't required of all riders, use is only about 50 percent. Where helmet use is required of all riders, use is virtually 100 percent.

OCCUPANT PROTECTION						
60,61	VHS	Momentum, Bill Nye the Science Guy	Disney Educational Productions	2000	23:19	What is momentum? It is the product of moving things: speed times mass equals momentum. This video shows several experiments demonstrating momentum. Also shows dummies in crashes.
62	VHS	Real Teens, Real Stories	Texas Department of Health	2001	12:30	Documentary highlights the experiences of 4 young drivers. The stories are real, and the message is loud and clear: buckling up can save your life.
63	VHS	Reducing Your Risk in a Crash	IIHS	1996	9:00	Shows how to buckle up properly and why you should sit back and away from the steering wheel and air bag.
64	DVD	Understanding Car Crashes, It's Basic Physics	IIHS	2000	22:00	Relates classroom physics to the real world of cars and car crashes, explaining why some cars we drive -and how we drive them - can make a difference in whether we survive. It all comes down to basic physics.
65,66	DVD	Understanding Car Crashes, When Physics Meets Biology	IIHS	2008	24:00	Reviews levels of organization in the body and explains how body cavities house and protect major organs. Through creative experiments, explore how the third collision can cause injuries to organs. Introduces the concepts of stress and strain. Demonstrates how shockwaves can damage tissue and what happens at the cellular level. Teacher's guide included.
67,68,69,70	DVD	Don't Risk Your Child's Life	Shelness Productions	2010	18:00	Highlights Airbags, Booster seats, the importance of facing rearward, and incompatibility in regards to child seat safety. Crash demonstrations about airbag deployment with a rear-facing, benefits of using a "belt-positioning" booster for achieving correct belt fit and the importance of infants and toddlers riding rear-facing to a certain age. Solutions to problems with child restraints that cannot be tightly secured are shown.
71	DVD	No Regrets: The Better the Fit The Safer the Ride	The Children's Hospital of Philadelphia		18:00	Highlights Booster seats, the importance of child seat safety. Real life story of a crash when a child is not in a booster seat.
72	DVD	Boost'em in the Back Seat	EVMS and DMV	2010	10:00	Boost'em in the Back Seat is intended to increase awareness of booster seat use and risks associated with premature graduation of a child to an adult safety belt. Booster seats are recommended for children from 40-80 pounds (about 4-8 years of age).

SCHOOL BUS SAFETY						
73,74	DVD	The Safest Way Out: Emergency School Bus Evacuation	AAA Foundation	2006	46:20	Shouldn't your kids know the safest way out? The three versions of this video show how to use all types of exits currently outfitted on modern school buses and discuss different evacuation patterns. Lively presentation and state-of-the-art production make the entire set a must-have for any school video library. Includes: General-Ed Student Version, General-Ed Driver Version, and General-Ed Special-Needs Driver Version.

**SCHOOL SAFETY PATROL**

75,76,77,78	DVD	At Your Post - Safety Patrol Video	AAA Foundation	2009	21:00	Updated DVD version of 1996 VHS. The seven versions of "At Your Post" incorporate techniques and information for training school safety patrols. Choose from the national version or six regional versions that reflect special patrol uniforms and procedures in Canada and different parts of the United States. Each video demonstrates how to determine a safe gap in traffic, what a patrol should look for at normal crossings, T-intersections, one-way streets, rural crossings, and signed or signalized intersections. Each version also shows patrols how to work with adult crossing guards. These videos are designed to fit into almost any safety patrol training program.
79	VHS	Between the Lines: Adult Crossing Guard Training	AAA Foundation	1992	21:00	This video covers basic adult school crossing guard procedures at several types of intersections. Uses an expert crossing guard to model proper procedures. Though produced by AAA Michigan for Michigan crossing guards, the information is also generally suitable for crossing guard programs in other areas.

**SENIOR DRIVERS**

80,81	DVD	Getting Around: Alternatives for Seniors Who No Longer Drive The Older and Wiser Driver	AAA Foundation	2006	50:00	Join host Jerry Mathers (star of "Leave it to Beaver") as he explores developing mobility options to help older, at-risk drivers plan and transition to life-after-driving. This DVD also includes: The Older Wiser Driver video from 1996 as an added bonus. This engaging video is equally well suited for home or classroom use. Alternatives for seniors who no longer drive.
